

Fife, Scotland

About the School

Based over 5 campuses along the Fife coast, in the Central Belt of Scotland, this college offers a wide range of courses from Engineering to Beauty with the aim to inspire young people and transform their future with inspirational learning and teaching.

The different campuses offer a range of facilities, from libraries with relaxing study spaces to an eco-friendly hairdressing salon. You will be able to eat in their commercially-run restaurants where students train in the hospitality industry or get a beauty treatment in one of their training salons. Students interested in fitness are able to use the excellent sports facilities at one of the campuses or if you prefer drama to sport, the college has drama studios where you can study Musical Theatre or Acting and Theatre Performance.

With a student-centred ethos, the college has an inclusive approach to learning with courses and qualifications that provide both the practical skills and the theoretical knowledge that an employer will be looking for.

Location Information

Situated in the county of Fife, the city, where the main college campus is located, gives you great network access to not only quaint local seaside villages along the Fife coast, but it also has rail links to bigger cities such as Edinburgh and Glasgow or to towns and cities in the north with fantastic outdoor activities and places to visit.

This city is small, but it boasts a large choice of activities, events and it is a great place for young people to spend time. It even has its own American Football team. You might even be based in one of the other campuses along the Fife coast depending on your subject choice.
